

# Is your patient with Rheumatoid Arthritis starting treatment with any of the following therapies for the first time?

- If the patient is happy to be re-registered, ask them to read the participant information sheet and transparency information sheet, then re-consent the patient.
- Have the patient complete a HAQ and EQ5D.
- Complete the Short Baseline Questionnaire and send completed forms to BSRBR-RA.

- Clinical Baseline questionnaire
- HAQ
- EQ-5D
- Signed consent form

👉 If your patient has started a new therapy that is not listed here please check the website for up to date recruitment details: [www.bsrbr.org](http://www.bsrbr.org)

👉 If a patient has declined re-registration please note this on the follow up form; otherwise we will send a switch pack for completion.

All registration details and forms can be found on our website.  
 If you have any questions please contact the team:
