

2024: A YEAR IN REVIEW

91

NHS sites have provided data

594

Participants have been recruited

9276

Follow-ups have been submitted

3

PUBLICATIONS USING DATA FROM THE BSRBR-RA STUDY

Evaluation of discontinuation for adverse events of JAK inhibitors and bDMARDs in an international collaboration of RA Registers (JAK-POT)

Association between body weight and tocilizumab effectiveness in rheumatoid arthritis

Potential impact of European Medicines Agency measures to minimise risk of serious side effects on JAKi prescribing and utilisation in the UK

Looking to 2025:

- **Recruitment of all eligible patients to the study** remains a priority. We are particularly interested in those starting JAKis
- **Follow-up data collection continues.** If you need help prioritising follow-ups, just get in touch with us.
- **Patient questionnaire data collection** is re-starting in 2025.
- Meet the team and support the BSR Registers at the **BSR Conference** (April 2025) in Manchester. We have some goodies for you! Get in touch with us to arrange.
