

British Society for Rheumatology

Rheumatoid Arthritis Register

Registering a New Patient

Demographics & RA Details

Before registering a patient please check the following:

- Patient has a diagnosis of Rheumatoid Arthritis
- Started a eligible drug within the last 6 months (Drug eligibility can be checked [here](#))
- Drug start date is known
- DAS28 or Low Disease Activity (switch from originator to a biosimilar) is available
- Current version Consent Form is completed (including patient initials and signature)

→ If all of the above are available please continue with the registration.

Before registering a new patient please check to see if the patient has already been registered with BSRBR-RA by searching for them in your patient list.

Click on **View All Patients** from the Home page.

Welcome to the BSRBR-RA Database

- **View All Patients**

Select View all patients

A full list of all patients registered to the study from your centre including details of what stage of follow-up they are up to

- **Add a New Patient**

Start here to register a new patient.

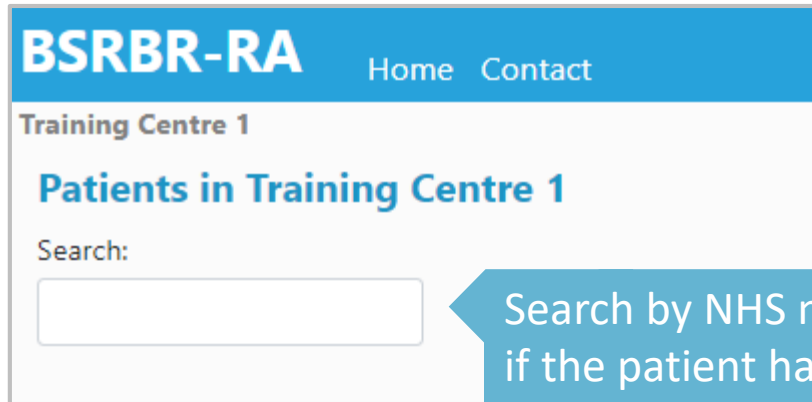

- **View Records in Edit Window**

Access to all baseline registrations and follow-ups that are currently within the edit window

- **Follow-Ups**

- Follow-ups that are currently due
- Follow-ups for the next month
- Follow-ups for the next three months

To Check if the patient has already registered begin by searching NHS number or the patient's surname (case sensitive so please capitalise the first character)

The screenshot shows the BSRBR-RA website interface. At the top, there is a blue header with the logo 'BSRBR-RA' and navigation links for 'Home' and 'Contact'. Below the header, the page title is 'Training Centre 1'. The main content area is titled 'Patients in Training Centre 1' and features a search section with the label 'Search:' and an empty text input field.

Search by NHS number or Surname to check if the patient has been registered before

→ If the patient is listed then they have been registered before,
please refer to the **Add a New Patient: Cohort Switch** guide

→ If the patient is not listed then they have not been registered before,
please return to the Home page to continue to **Add a New Patient**

On the home page begin by clicking on **Add a New Patient**.
You will be asked to fill in patient's details
