<b>Feedback / Comments</b>	

If you are happy to complete the record you can select **Close Edit Window** within the FUP record. **NB** Once you have done this you will not be able to make any further amendments to the baseline record.

<b>Patient</b>	<b>Close Edit Window</b>
Patient summary	If you have finished entering all baseline or follow-up information for the current patient, you may manually close the edit window. This will return control of the record to the study administration team and allow them to report on the data.
<b>CBQ</b>	You will retain "read only" access to all the data you entered, but will no longer be able to make changes. If you require to make changes, please provide details in feedback section.
