Biologic Targeted Therapy

Therapy changes

Have there been any changes to the patient's Rheumatoid Arthritis target therapy details in this follow-up period? (Excluding existing drug's additional dose infusions)

No

Yes (use **1** **Select Yes** clicking 'Update')

Update **2** **Click Update**

	Drug	Start Date	Stop Date	Dose	Frequency	Stop Reason	Doses & Batch	
Edit	Humira			mg	Fortnightly			Delete

Add New **Tutorial**

3 **Click Edit to edit record**

Rheumatoid Arthritis Target Therapy

Drug

Biologic: Humira (adalimumab originator)

Commenced date: 15/8/2019

Dose: 40 mg

Route: SC

Frequency: Fortnightly

Dose Delay Reason:

Dosage Details Reverified? No

Drug Dates Reverified? No

Stop date: 15/09/2019

Stop reason: Adverse Event

Other stop reason:

Save page

Cancel

Unlock Dose Restrictions

Add the biologic stop date and stop reason (e.g. Adverse Event)

Select **Save page**.

The biologic therapy record is now updated.

4

Add stop date

5

Add stop reason, please provide details of Adverse Event in 'other stop reason' box

6

Select **Save Page**

If a patient has restarted the same drug or a new biologic please add a new record. A new entry for the same biologic drug can be added (e.g. if the biologic was stopped temporarily due to an adverse event).

Or if the patient has started a new biologic please enter details of this in the Biologic Targeted Therapy section. A stop date for the current biologic / targeted therapy must be added before a new biologic / targeted therapy start date can be added.

Biologic Targeted Therapy

Therapy changes

Have there been any changes to the patient's Rheumatoid Arthritis target therapy details in this follow-up period? (Excluding existing drug's additional dose infusions)

- No
- Yes (use 'Add New' to enter details after clicking 'Update')

Update

	Drug	Start Date	Stop Date	Dose	Frequency	Stop Reason	Doses & Batch	
Edit	Humira (adalimumab originator)	15/08/2019	15/09/2019	40 mg	Fortnightly	Adverse Event		Delete
Edit	Humira (adalimumab originator)	13/10/2019		40 mg	Fortnightly			Delete

Add New

Tutorial

Click Add New to add new biologic record

Even if there has not been a change in biologic / targeted therapy but the participant has had further doses of a prescribed drug select **Edit** to add dose details.

	Drug	Start Date	Stop Date	Dose	Frequency	Stop Reason	Doses & Batch	
Edit	Ren	Click Edit	ilar)	01/02	Select Edit on the relevant drug entry		01/02/2019	Delete

Add New **Tutorial**

Doses & Batch
You can only delete the doses entered in the current follow up.

Dose date	Dose	Batch
01/02/2019	180	

Add drug dose or batch details

Dose date:  **1** Enter dose date

Dose: mg **2** Enter dose

Batch:

3 Click **Save drug dose or batch details** to save information

3 Click **Save drug dose or batch details** to save information

The Biologic / targeted therapy section is now completed.
The next section is **Other Current Therapy**.
